

# ESQUIRE KNIT COMPOSITE PLC CONSOLIDATED

Auditor's Report & Audited Financial Statements for the year ended 30 June 2025

## **Independent Auditor's Report**

To The Shareholders of Esquire Knit Composite PLC Report on the Audit of the Consolidated Financial Statements

#### Opinion

We have audited the financial statements of Esquire Knit Composite PLC (the Company) which comprise the statement of financial position as at 30 June 2025, and the statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows for the year ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory notes.

In our opinion, the accompanying financial statements of the Company give a true and fair view of the financial position of the Company as at 30 June 2025, and of its financial performance and its cash flows for the year then ended in accordance with International Financial Reporting Standards (IFRSs), the Companies Act 1994, the Securities and Exchange Rules 1987, and other applicable laws and regulations.

#### **Basis for Opinion**

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code), and we have fulfilled our ethical responsibilities in accordance with the IESBA Code and the Institute of Chartered Accountants of Bangladesh (ICAB) Bye Laws. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### **Key Audit Matters**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

The key audit matters are discussed below together with an explanation of how the risk and our audit response were tailored to address these specific areas.

Annexure-1

| Key audit matter description   | How the scope of our audit responded to the key audit matter.   |  |  |
|--|---|--|--|
| Property, plant and Equipment  |   |  |  |
| The carrying value of the PPE amounted to Tk. 6,165,211,537 as at 30 June, 2025.  There is a risk of:  • determining which costs meet the criteria for capitalization; | Our audit procedures to assess the carrying value of property, plant and equipment included the following:  • We assessed whether the accounting policies in relation to the capitalization of expenditures are in compliance with IFRS |  |  |

- determining the date on which the assets is recognized to property, plant and equipment and depreciation commences;
- the estimation of economic useful lives and residual values assigned to Fixed asset.

We identified the carrying value of property, plant and equipment as a key audit matter because of the high level of management judgment involved and because of its significance to the financial statements.

See note no. 4 for details.

and found them to be consistent.

- We obtained a listing of capital expenditures incurred during the year and, on a sample basis, checked whether the items were procured based on internal purchase order that had been properly approved by the responsible individuals.
- We inspected a sample of invoices and L/C documents to determine whether the classification between capital and operating expenditure was appropriate.
- We evaluated whether the useful lives determined and applied by the management were in line with historical experience and the market practice.
- We checked whether the depreciation of PPE items was commenced timely, by comparing the date of the reclassification from capital in progress to make it ready for use, with the date of the completion of the work.

#### **Revenue Recognition**

The Company has reported sales revenue of Tk. 11,094,464,674

All of the Company's sales are made under sales invoice, delivery challan. It's products primarily comprise sale of Denim Fabric. Revenue is recognized at the point of generating invoice.

We identified revenue recognition as a key audit matter because revenue is one of the key performance indicators of the company and therefore there is an inherent risk of manipulation of the timing of recognition of revenue by management to meet specific targets or expectations.

We have tested the design and operating effectiveness of key controls focusing on the following:

- We assessed the appropriateness of revenue recognition accounting policy in line with IFRS 15 "Revenue from contracts with customers"
- Tested the internal control over financial reporting. We also assessed the existence and accuracy of the sales recorded;
- We performed analytical test to understand how the revenue has trended over the year among other parameters, we performed a detailed substantive testing on transactions

Equipment during the year.

#### Valuation of Inventories

The amount of inventory is Tk. **4,234,947,563** as at 30 June, 2025

which amounted to 64.55% of the total current assets. As per IAS 2, inventories are required to be valued at the lower to cost and net realizable value. Cost of inventories includes purchase cost and cost incurred in bringing inventories to its present location and condition. IAS 2 specifically prohibits certain costs from being excluded from the cost of inventories.

EKCPLC valued its inventories at cost or net realizable value whichever is lower.

See note no. 07 for details.

We obtained assurance over relevance and appropriateness of management's assumptions applied in calculating the value of the inventories by:

work on-going for capital work in progress.

- We observed EKPLC's year-end inventory count, performed test counts and reconciled count sheet records to inventory valuation report in order to verify the existence of inventories reported in the accounts;
- We tested the purchase costs of a sample of inventory items by inspecting invoices;
- We assessed the components of the costs included within inventory items to ensure that they are in conformity with the requirements of IAS 2;
- We assessed the movement of inventories and analyzed whether closing inventories were valued using the weighted average method;
- Testing, on a sample basis the stock expiry dates and the market price used in assessing the net realizable values of inventories of the related supporting documents.
- Comparing the net realizable value, obtained through a detailed review of sales subsequent to the year-end, to the cost price of a sample of inventories.

## Bank Loan

The company reported short term & long term loan Tk. 3,318,712,096 & 2,787,212,202 respectively in the statement of financial position at the reporting date.

Our substantive audit procedures adopted during the audit includes the following test or details. Inspecting relevant board minutes in support of bank loan reported in the financial statements.

Tracing existence and completeness of reported

The above borrowing were considered as key audit matter because this external form of credit facilities availed by the company required fulfillment of several terms and conditions as mentioned in sanction letter issued by lending bank. Any non-compliance with those stipulated terms and conditions might result in subsequent withdrawal and pose a threat to ongoing operation of the company. Besides, risk of material misstatement also lies due to non-disclosure of all those terms and conditions in the financial statements.

See note no. 18,19,20 & 18 for details.

borrowings with supporting evidence such as sanction letters, loan certificates and statements.

Sending out and obtaining confirmation from the lenders.

Recalculating and testing accuracy and completeness of finance costs charged by the company during the year with corresponding loan statements provided by bank.

#### Other Information:

Management is responsible for the other information. The other information comprises all of the information in the Annual Report other than the financial statements and our auditor's report thereon. The annual report is expected to be made available to us after the date of this auditor's report.

Our opinion on the financial statements does not cover the other information and we do not express any observation to that effect.

When we read the annual report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

# Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with International Financial Reporting Standards (IFRSs), the Companies Act, 1994, the Securities and Exchange Rules 1987 and other applicable laws and regulations and for such internal control as management determines is necessary to enable the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Company's financial reporting process.

#### Auditor's Responsibilities for the Audit of Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether
  due to fraud or error, design and perform audit procedures responsive to those risks, and
  obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion.
  The risk of not detecting a material misstatement resulting from fraud is higher than for
  one resulting from error, as fraud may involve collusion, forgery, intentional omissions,
  misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit
  procedures that are appropriate in the circumstances, but not for the purpose of expressing
  an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest/benefits of such communication.

#### Report on other Legal and Regulatory Requirements

In accordance with the Companies Act, 1994 and the Securities and Exchange Rules, 1987 and relevant notifications issued by Bangladesh Securities and Exchange Commission, we also report the following:

- a) we have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit and made due verification thereof;
- b) in our opinion, proper books of accounts as required by law have been kept by the Company and so far as it appeared from our examination of these books;
- c) the statement of financial position and statement of profit or loss and other comprehensive income dealt with by the report are in agreement with the books of account; and
- d) the expenditure incurred was for the purposes of the Company's business.

Notes, Comprising a Summary of Significant Accounting Policies and Other Explanatory Information

As at and for the year ended 30 June 2025

#### 2.05 Use of estimates and judgments

The preparation of the financial statements of the Company requires management to make and apply consistently the judgments, estimates and assumptions for records and balances that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

#### 2.06 Functional and presentation currency

These financial statements are presented in Bangladeshi Taka (Tk/BDT) which is the functional currency of the company. The amounts in these financial statements have been rounded off to the nearest integer.

#### 2.07 Reporting period

These financial statements of the company cover a period of twelve months from 01 July 2024 to 30 June 2025.

#### 3.00 Significant Accounting Policies

#### 3.01 Property, plant and equipment (PPE)

#### 3.1.1 Recognition and measurement

Property, plant and equipment are stated at cost or revalued amount, if any, less accumulated depreciation in compliance with International Accounting Standard IAS-16: Property, Plant and Equipment. The cost of acquisition of an asset comprises its purchase price and any direct attributable cost of bringing the assets to its working condition for its intended use.

#### 3.1.2 Subsequent costs

The cost of replacing a part of an item of property, plant and equipment is recognized in the carrying amount of the item if it is probable that future economic benefits associated with the item will flow to the entity and the cost of the item can be measured reliably. All other repair and maintenance costs are charged to the Statement of Profit or Loss and Other Comprehensive Income during the financial period in which they incurred.

#### 3.1.3 Depreciation

Depreciation is charged on property (except land), plant and equipment using 'straight line method' over the estimated useful life of each item of property, plant and equipment. Depreciation on addition to property, plant and equipment is charged from the date when the asset is put into use for commercial operation. Knit Composite Limited, considering the useful lives, decided to charge depreciation at 15% p.a. No depreciation is charged on the assets from the month in which such assets are disposed. The rates of depreciation varies from 5% to 13% p.a. based on useful lives and nature of the assets. Rates of depreciation are:

| <u>Particulars</u>     | Rate        |
|------------------------|-------------|
| Building               | 5.00% p.a.  |
| Plant and Machinery    | 7.00% p.a.  |
| Furniture and Fixtures | 10.00% p.a. |
| Office Equipment       | 10.00% p.a. |
| Motor Vehicle          | 13.00% p.a. |
| Software & IT          | 10.00% p.a. |

#### 3.02 Inventories

#### 3.2.1 Nature of inventories

Inventories consist of yarn, dyes, chemical, packing materials, accessories, sewing thread, printing & embroidery materials, stores and spare parts, etc.

Notes, Comprising a Summary of Significant Accounting Policies and Other Explanatory Information

As at and for the year ended 30 June 2025

#### 3.2.2 Valuation of inventory

Inventories are valued in accordance with IAS- 2: Inventories i.e. at cost or estimated net realizable value whichever is lower. The cost of inventories includes expenditure for acquiring the inventories and bringing them to their existing location and condition. Net realizable value is estimated upon selling price in the ordinary course of business less estimated cost of completion of the sale. When the inventories are used, the carrying amount of those inventories are recognized as expenses in the period in which the related revenue is recognized.

#### 3.03 Advance, deposit and prepayments

Advances are initially measured at cost. After initial recognition advances are carried at cost less deductions or adjustments. Deposits are measured at payment value. Prepayments are initially measured at cost. After initial recognition prepayments are carried at cost less charges to Statement of Profit or Loss and Other Comprehensive Income.

#### 3.04 Cash and cash equivalents

Cash and bank balances comprise cash in hand and cash at bank which are held and available for use by the company without any restriction.

#### 3.05 Accounts receivable and other receivables

Accounts receivables are carried at original invoice amount. EKCPLC is a 100% export oriented company and all the sales/exports are done through L/C by banks. Receivables are considered as good and realizable. Other receivable represents accrued interest on FDR.

#### 3.06 Accounts payable and other payables

These liabilities are recorded at the amount payable for settlement in respect of goods and services received by the company.

#### 3.07 Loans and borrowings

Borrowings repayable after twelve months from the date of statement of financial position are classified as non-current liabilities whereas the portion of borrowings repayable within twelve months from the date of statement of financial position, unpaid interest and other charges are classified as current liabilities.

#### 3.08 Income tax expense

Income tax expenses comprise current tax and deferred tax. Income taxes are recognized in statement of profit or loss and other comprehensive income except to the extent that relates to items recognized directly in equity or in other comprehensive income.

#### 3.8.1 Current Tax

Taxation is provided in accordance with fiscal regulations applicable. The company taxation is under final settlement of tax liability under section 163 of the Income Tax Act 2023 except other income. Income tax has been deducted at source under section 123 of the Income Tax Act 2023 on export from 1 July 2024 to June 30, 2025.

Notes, Comprising a Summary of Significant Accounting Policies and Other Explanatory Information

As at and for the year ended 30 June 2025

#### 3.8.2 Deferred Tax

Deferred tax has been recognized in accordance with the provision of IAS 12: Income Taxes, based on the deductible or taxable temporary difference between the carrying amount of assets / liabilities and its tax base. Deferred tax asset or liability is the amount of income tax recoverable or payable in the future periods recognized in the current period. Deferred tax asset or liability does not create a legal recoverability or liability from or to tax authority. Related deferred tax income / expense is recognized in the statement of profit or loss and other comprehensive income. Deferred tax assets and liabilities are offsetted if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to income taxes levied by the same tax authority on the same taxable entity.

A deferred tax asset is recognised to the extent that it is probable that future taxable profits will be available against which the deductible temporary difference can be utilised. Deferred tax assets are reviewed at each date of statement of financial position and are reduced to the extent that it is no longer probable that the related tax benefit will be realised.

#### 3.09 Revenue recognition

#### i. Export Revenue

In accordance with the provisions of the IFRS-15 "Revenue from Contracts with Customers"; revenue from contracts with customers represents the amount that reflects the considerations to which entity expects to be entitled in exchange for goods supplied and service provided to customers during the period. Revenue from contracts with customers is recognized in the statement of Profit or Loss and Other comprehensive income when the performance obligation (supply of promised goods and services) is satisfied. Performance obligation is satisfied at a point in time when customer obtains the control of goods and services. Revenue from export is recognized at ex-factory date.

Revenue from the sale of goods is recognized when all the following conditions are satisfied:

- a. The company has transferred to the buyer the significant risks and rewards of ownership of the goods;
- b. The company retains neither continuing managerial involvement to the degree usually associated with
- c. The amount of revenue can be measured reliably;
- d. It is probable that the economic benefits associated with the transaction will flow to the company; and
- e. The cost incurred or to be incurred in respect of the transaction can be measured reliably.

#### ii. Cash Incentive

Cash incentive income is recognized when Proceed Relialization Certificate (PRC) received from the bank against realization of cash incentive.

#### 3.10 Financial expenses

Financial expenses comprise interest expense on long term loan, short term loan, finance lease and other borrowings, bank commission and charges etc. All such costs are recognized in the statement of profit or loss and other Comprehensive Income except those are capitalized in accordance with IAS 23.

#### 3.11 Statement of Cash flows

Statement of cash flows is prepared principally in accordance with IAS-7: Cash Flows Statement and the cash flows from operating activities are presented under direct method.

#### 3.12 Foreign currency transactions

The financial statements are presented in Bangladeshi taka (Tk/BDT), which is the company's functional currency. Transactions in foreign currencies are recorded in the books at the exchange rate prevailing on the date of the transaction. Assets and liabilities in foreign currencies as on the reporting date are converted into Bangladeshi taka at the closing rate. Exchange gain or loss is recognised in Statement of Profit or Loss and Other Comprehensive Income as per IAS 21: The Effects of Changes in Foreign Exchange Rates.

Notes, Comprising a Summary of Significant Accounting Policies and Other Explanatory Information

As at and for the year ended 30 June 2025

#### 3.13 Leases

Leases in terms of which the company assumes substantially all the risks and rewards incidental to ownership are classified as finance leases. Upon initial recognition, the leased asset is measured at an amount equal to the lower of its fair value or the present value of the minimum lease payments. The interest rate implicit in the lease has been used to calculate the present value of minimum lease payments. Subsequent to initial recognition, the asset is accounted for in accordance with the accounting policy applicable to that asset.

#### 3.14 Earnings Per Share (EPS)

The company presents basic and diluted (when dilution is applicable) Earnings Per Share (EPS) for its ordinary shares. Basic EPS is calculated dividing the profit or loss attributable to ordinary shareholders of the Company by the weighted average number of ordinary shares outstanding during the period, adjusted for the effect of change in number of shares for bonus issue, share split and reverse split. Diluted EPS is determined by adjusting the profit or loss attributable to ordinary shareholders and the weighted average number of ordinary shares outstanding and for the effects of all dilutive potential ordinary shares. However, dilution of EPS is not applicable for this financial statements as there was no dilutive potential ordinary shares during the relevant periods.

#### 3.15 Events after the reporting period

Events after the reporting period that provide additional information about the Company's position at the date of statement of financial position or those that indicate the going concern assumption is not appropriate are reflected in the financial statements. There are no material events that had occured after the reporting period to the date of issue of these financial statements, which could affect the figures presented in the financial statements.

#### 3.16 Provision

A provision is recognized on the date of financial position if, as a result of past events, the company has a present legal obligation that can be estimated reliably and it is probable that an outflow of economic benefits will be required to settle the obligation.

#### 3.17 Employee Benefit

i.Workers' profit participation fund and welfare fund / Contribution to Central Fund (RMG Sector): This represent 5% of net profit before tax contributed by the company as per provisions of the Bangladesh Labour (Amendment) Act 2013 (Bangladesh Labour Law, 2006) and is payable to workers as defined in the said law complied in re-placed by the Act No. 30, Para 63 of the year 2013 as Central Fund at the rate applicable for RMG sector (0.03%) on realized revenue which is deducted at source by banks.

#### 3.20 Revaluation surplus

This represents the difference between book value and revalued amount of land and land development. As per IAS 16: Property, Plant and Equipment, revaluation is done with sufficient regularity to ensure that the carrying amount does not differ materially from that which would be determined using fair value at the end of the reporting period. The fair value of land was determined from market-based evidence by an appraisal as on July 20,2020 by Masih Muhith Haque & Co. which is a professionally qualified valuer.

#### 3.21 Impairment

#### (a) Financial assets

Accounts receivable and other receivable are assessed at each reporting date to determine whether there is any objective evidence of impairment. Financial assets are impaired if objective evidence indicates that a loss event has occurred after the initial recognition of the asset and that the loss event had a negative effects on the estimated future cash flows of that asset, that can be estimated reliably. Objective evidence that financial assets are impaired can include default or delinquency by a debtor, indications that a debtor or issuer will enter bankruptcy, etc.

#### (b) Non-financial assets

An asset is impaired when its carrying amount exceeds its recoverable amount. The company assesses at each reporting date whether there is any indication that an asset may be impaired. If any such indication exists, the company estimates the recoverable amount of the asset. The recoverable amount of an asset is the higher of its fair value less costs to sell and its value in use.

Carrying amount of the assets is reduced to its recoverable amount by recognizing an impairment loss if, and only if, the recoverable amount of the asset is less than its carrying amount. Impairment loss is recognized immediately in profit or loss, unless the asset is carried at revalued amount. Any impairment loss of a revalued asset is treated as a revaluation decrease.

### 38.00 Financial risk management

The management of the company has overall responsibility for the establishment and oversight of the company's risk management framework. The company's risk management policies have been established to identify and analyse the risks faced by the company, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Risk management policies, procedures and systems are reviewed regularly to reflect changes in market conditions and the company's activities. The company has exposure to the following risks from its use of financial instruments.

- \*Credit Risk
- \*Interest Rate Risk
- \*Currency Risk
- \*Liquidity/funding risk
- \*Market risk

### 38.01 Credit risk

Credit risk is the risk of a financial loss to the company if a client or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the company's receivables.

As the company is involved in 100% export oriented business, all the sales are made against Letter of Credit (L/C). L/Cs provide guarantee against credit sales and minimise the credit risk to an acceptable level. Bills receivable arises due to the time difference between submission of bills to the bank for collection of proceeds and actual realisation of the proceeds.

The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure to credit risk at the reporting date was:

| Accounts receivables             | 8.00  | 1,805,961,079<br>248,325,350    | 1,719,481,830<br>477,780,117 |

### 38.02 Liquidity risk

Liquidity risk is the risk that the company will not be able to meet its financial obligations as they falls due. The company's approach to managing liquidity (cash and cash equivalents) is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the company's reputation. Typically, the company ensures that it has sufficient eash and cash equivalents to meet expected operational expenses, including financial obligations through preparation of the cash flow forecast based on time line of payment of the financial obligation and accordingly arrange for sufficient liquidity/fund to make the expected payment within due date.

The following are the contractual maturities of financial liabilities of the company:

### 38.03 Market risk

Market risk is the risk that any change in market prices, such as foreign exchange rates and interest rates will affect the company's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters.

In the past, in some occasion large buyers of different RMG exporters has decided to withdraw business, or has become bankrupt or were subject to regulatory injunction from importing from Bangladesh, creating a strong impact on the exporter. For EKCPLC single buyer concentration is not a major issue and they have longstanding relationship with overseas buyers. All of them regard EKCPLC as their global partners and the relationship can only be disrupted if EKCPLC fails to perform its commitments. Also, because of its dominant position in the export market it is always sought after by many buyers.

### 38.04 Currency risk

The company is exposed to currency risk on receiving of sales proceeds and payments made for raw materials purchase as well. Maximum of the company's foreign currency transactions are denominated in USD.

### i) Exposure to currency risk

The company's exposure to foreign currency risk was as follows based on notional amounts:

### 38.05 Business Risk

Managing Compliance – Currently RMG buyers specially the large buyers are very demanding and constantly tightening the compliance criteria. EKCPLC has been in the forefront of compliance among the RMG exporters in the county. They have compliant plants with effluent water treatment facility, childcare facility, adequate ventilation, spacious infrastructure lay out, etc. Till now they were able to meet all the compliance challenge in their 30 year plus business experience and is likely to do so in the coming years. EKCPLC mitigates compliance risk since it is WRAP certified and passed other audits from Department of Environment (DOE) and overseas buyers.

Achievement of sales volume – Historically, EKCPLC has been successful to achieve its sales target after expansion as most of its expansions are planned after receiving order indications from its buyers.

### 38.06 Interest Rate Risk

EKCPLC is enjoying banks finance in the form of working capital as well as term loan. As a bank fund borrower, the entity has to pay a significant amount of loan interests and charges. Bangladesh Bank has moved to remove the interest rate ceiling on lending in the wake of a massive liquidity crisis in the financial market letting the price to be determined by functioning of demand-supply interaction. This measure may invite interest rate instability, which may create volatility in the profitability of business like EKCPLC. It is the company risk of gain or losses on assets and liabilities due to changes in interest rates.

### 38.07 Operation Risk

Technology is a continuous process of development. Innovation of new and cost effective technology may obsolete existing technology, which may cause negative impact on the business. The project is equipped with good machineries and technology to cope with the modern textile world. The management both in head office and production premises seem to be competent and maintain the standard level of quality and to run the operations effectively. However, in order to reduce the operational risk, the company is yet to ensure an external control mechanism. The company has minimum exposure to operational risk.

Notes to the Financial Statement For the year ended 30 June 2025

| SL. No. | Particulars | Amount      | in Taka     |
|---------|-------------|-------------|-------------|
|         | ranticulars | 30-Jun-2025 | 30-Jun-2024 |

### 38.08 Raw Material Supply Risk

The company receives yarn, dyes & chemicals both from local as well as foreign suppliers. Import based supplies are likely to be affected by any uncontrollable event or country risk to transaction or political barrier. Since inception the company did not face any such uncontrollable events so far because of maintaining good supply chain relationship with the suppliers of raw materials and in exceptional cases, it is confident to make alternative arrangement at shorter notice.

### 38.09 Exchange Rate Risk

Exchange rate risk arises from currency fluctuation in international trade. If Bangladeshi Taka is devalued and/or foreign currency revalued than the price of imported raw materials will go up which will decrease the overall profit margin. As the company is dependent upon the import for yarn, dyes, chemicals & accessories and in future it will be the same, volatility of exchange rate will have an impact on profitability of the company. For last couple of years, Bangladeshi Taka found carrying floated value and expected to follow the same which expose the company to significant exchange rate risk.

### 38.10 Power Generation Risk

The industrial bases of Bangladesh are mainly aided by natural gas-driven power generation which causes disruption occasionally and the weaving industry is not an exception. Smooth availability of gas will ensure the maximum functioning of the machineries. EKCPLC uses natural gas to produce power from captive power plant. Currently a circular from government has emerged to arrange alternate of gas due to recent acute gas crisis. The company is connected with 15 PSI gas line and currently does not any problem of gas pressure. So other things being constant, EKCPLC does not foresee significant risk for power generation.
